MIRROR POLISHED STAINLESS STEEL SIGNS

镜面抛光不锈钢标牌

镜面抛光不锈钢标牌是一种非常流行的金属标牌，广泛用于室内和室外应用。非常适合用于房屋标牌，商店标牌，店面标牌，餐厅标牌，建筑标牌，酒店标牌，医院标牌，零售店标牌，大厅标牌，展览会标牌，公司标牌等。无论是外部还是内部，它都可以很好地工作。

Mirror Polished Stainless Steel Signs is a very popular metal sign, widely used indoor and outdoor applications. It's very good for house signs, shop signs, storefront signs, restaurant signs, building signs, hotel signs, hospital signs, retail store signs, lobby signs, trade show signs, corporate signage etc. It will work well whether it is exterior or interior.

BRUSHED STAINLESS STEEL SIGNS

拉丝不锈钢标牌

使用拉丝不锈钢有助于为您的字母或徽标提供高质量的饰面，而专业性就是一切。关于质量，没有更好的生产方法，但是，如果您的预算有限，则有一种更便宜的替代品，称为铝复合材料，其外观相似，但由更便宜的替代材料制成。

拉丝不锈钢具有极高的耐腐蚀性，比其他任何非合金产品具有更长的使用寿命。

稍加创意，就可以使用拉丝不锈钢字母和徽标创建许多效果和对比度。您也可以将拉丝不锈钢与其他材料（例如丙烯酸）结合使用，以创建全新的外观。

拉丝的商店标牌字母和徽标可用于内部办公室标牌和外部标牌，因为它是完全防风雨的产品，可为您提供坚韧而坚固的表面效果。

Using brushed stainless steel helps give your letters or logo a high quality finish where professionalism is everything. When it comes to quality, there is no better method of production however if your budget is limited then there is a cheaper alternative called aluminium composite, which has a similar finish but made from a cheaper substitute material.

Brushed Stainless Steel has an extremely high resistance to corrosion giving it a much longer life span than any other non-alloy product.

With a little creativity there are lots of effects and contrasts that can be created with brushed stainless steel letters and logos. You can also combine brushed stainless steel with other materials like acrylic to create a whole new look.

Brushed shop sign letters & logos can be used for internal office signs as well as external signs as it's a totally weatherproof product which gives you a tough robust finish.

Pros

- It is very affordable
- It is tear-resistant
- It is durable and lasts long
- It is mainly used for indoor purposes.

Cons

- You can't print on two sides
- It can be used outdoor also but on a very light note.

这种 Vinyl Banner 材料类型的流行使其适合室内使用，并且可能适合您日常环境中的任何轻量级户外使用。这意味着如果您想要大量的室内横幅和更少的室外横幅，则可以选择此横幅。

This popularity of this Vinyl Banner material type makes it suitable for indoor use and probably any lightweight outdoor use in your everyday environment. This means that you can go for this banner if you want a lot of indoor banners and fewer outdoor banners.

Fabric Banner

Pros

- The fabric banner is nice and soft
- It comes with a folded sewn hem of standard finish
- It is designed mostly for outdoor use.
- It has a more superior quality

Cons

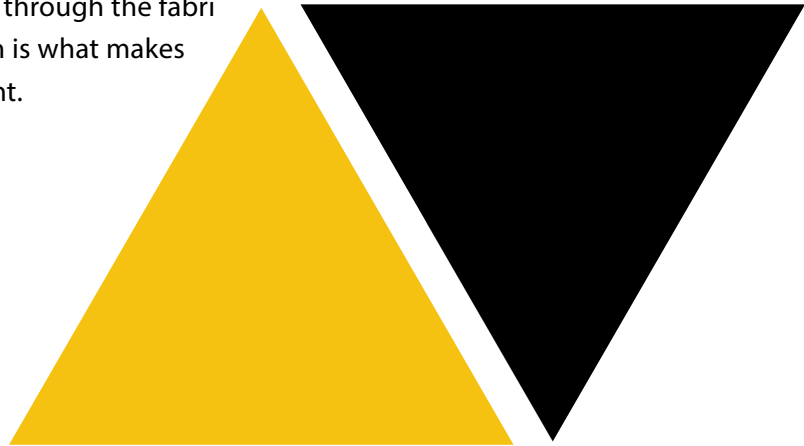

- The fabric banner material is a little bit on the high side

织物横幅材料是这样的，您只能使用染料升华在其上打印。您可能想知道这是什么意思？

这很简单：这意味着您的墨水直接穿过织物而不是留在织物上。但是直接染料升华使织物上的颜色显得更加生动和优雅。

The fabric banner materials are such that you can only print on them using dye sublimation. You might be wondering what this means? It's simple: it means your ink goes directly through the fabric rather than sit on the fabric. But the direct dye sublimation is what makes the color on the fabric appear even more vibrant and elegant.
